**Retrieve items with priorities**

**Raise working efficiency from 30% to 80%**

**CALL US TODAY TO GET FULL QUOTE!**

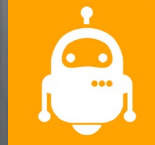

**+852 2763 6874**

## CASE STUDY

**Warehouse Area**

Around 1,000 sq. meter

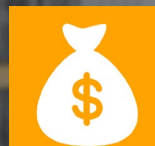

**No. of Robot**

12 Robots

**No. of Tote Bins**

Around 31,000 Tote Bins

**Payback period**

Within 2-3 years

**Implementing PSS can bring you benefits of:**

**↓ 1,400 sq.m**

Warehouse space can be reduced, compared to the same storage capacity.

**↓ \$3M (HKD)**

Manpower cost per year can be saved.

**3,000 bins**

Movements can be achieved in a day for 10 hours operation with 12 Robots working restlessly.
